

# I. C. S. REFERENCE LIBRARY

A SERIES OF TEXTBOOKS PREPARED FOR THE STUDENTS OF THE  
INTERNATIONAL CORRESPONDENCE SCHOOLS AND CONTAINING  
IN PERMANENT FORM THE INSTRUCTION PAPERS,  
EXAMINATION QUESTIONS, AND KEYS USED  
IN THEIR VARIOUS COURSES

ELEMENTS OF NAVIGATION  
CHART, LEAD, AND LOG  
DEVIATION AND COMPASS COMPENSATION  
PILOTING  
DEAD RECKONING  
NAUTICAL TABLES

## CONTENTS

---

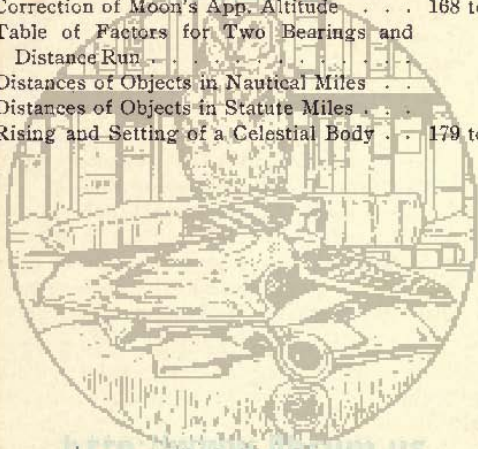

ELEMENTS OF NAVIGATION	<i>Section</i>	<i>Page</i>
Definitions Relating to the Earth . . . . .	3	2
Latitude and Longitude . . . . .	3	5
Course, Distance, and Departure . . . . .	3	20
Nautical Terms . . . . .	3	23
The Compass . . . . .	3	34
Magnetism . . . . .	3	35
 <b>CHART, LEAD, AND LOG</b>		
Charts and Chart Work . . . . .	6	1
The Polyconic Chart . . . . .	6	2
The Mercatorial Chart . . . . .	6	5
The Use of Charts . . . . .	6	12
Constructing a Mercator's Chart . . . . .	6	23
The Lead . . . . .	6	27
The Sounding Machine . . . . .	6	31
The Common Log . . . . .	6	38
Patent Logs . . . . .	6	43
 <b>DEVIATION AND COMPASS COMPENSATION</b>		
Errors of the Compass . . . . .	8	1
Variation . . . . .	8	1
Magnetic Dip . . . . .	8	5
Deviation . . . . .	8	8
Semicircular Deviation . . . . .	8	12
Quadrantal Deviation . . . . .	8	15
Local Attraction . . . . .	8	16
Compensation of Compasses . . . . .	8	18
Compensating Binnacles . . . . .	8	26

DEVIATION AND COMPASS COMPENSATION		
<i>Continued</i>		
	<i>Section</i>	<i>Page</i>
Tabulation of Compass Errors . . . . .	8	32
Deviation Tables . . . . .	8	41
Napier's Deviation Diagram . . . . .	8	45
PILOTING		
Methods in Piloting . . . . .	9	1
Navigating Along the Coast . . . . .	9	1
Piloting in Foggy Weather . . . . .	9	12
Submarine Signaling . . . . .	9	16
Ranges and Danger Bearings . . . . .	9	21
The Danger Angle . . . . .	9	22
Station Pointers . . . . .	9	31
Correction of Courses . . . . .	9	33
DEAD RECKONING		
Plane Sailing . . . . .	10	1
Use of Traverse Tables . . . . .	10	4
Traverse Sailing . . . . .	10	11
Parallel Sailing . . . . .	10	23
Middle-Latitude Sailing . . . . .	10	27
Mercator's Sailing . . . . .	10	41
Current Sailing . . . . .	11	1
Day's Work by Dead Reckoning . . . . .	11	15
Great-Circle Sailing . . . . .	11	32
Graphical Methods in Great-Circle Sailing . . . . .	11	48
Composite Sailing . . . . .	11	54
NAUTICAL TABLES		<i>Pages</i>
Table of Common Logarithms . . . . .	1 to 19	
Logarithmic Functions . . . . .	38 to 82	
Traverse Tables . . . . .	83 to 143	
Conversion of Arc and Time . . . . .	144	
Meridional Parts . . . . .	145 to 152	
Tables of Amplitudes . . . . .	153 to 157	
Correction for Observed Amplitude . . . . .	158	
Variation of Altitude in 1 <sup>m</sup> From Noon . . . . .	159 to 162	
Squares of Interval . . . . .	163	

## CONTENTS

v

NAUTICAL TABLES— <i>Continued</i>	<i>Pages</i>
Mean Refraction . . . . .	164
Dip of the Sea Horizon . . . . .	165
Sun's Parallax in Altitude . . . . .	165
First Correction for Polaris . . . . .	165
Second Correction for Polaris . . . . .	166
Third Correction for Polaris . . . . .	166
Augmentation of the Moon's Semi-Diameter	167
Augmentation of the Moon's Hor. Parallax	167
Correction of Moon's App. Altitude . . .	168 to 176
Table of Factors for Two Bearings and Distance Run . . . . .	177
Distances of Objects in Nautical Miles . . .	178
Distances of Objects in Statute Miles . . .	178
Rising and Setting of a Celestial Body . .	179 to 180
